

Declaration of warranty

Transform, a.s. Lázně Bohdaneč declares a warranty of 12 years for plastic stable planks that have been produced from the material Traplast. The warranty pertains to resistance to weather conditions as well as to physical/mechanical properties of the products. This warranty is effective starting with the day the respective product is purchased. The warranty is valid only if all rules set out for work with products made from Traplast that are specified at www.recyklace.cz have been observed by the client.

The warranty does not apply to changes of colour and measures by the products as a result of temperature and climate conditions the products are exposed to. The warranty also does not apply to defects caused by normal wearout and to works that are created using Traplast products having their own warranty conditions.
